Charles:

We would like the information as soon as possible so it can be analyzed for compliance. At the moment, we are obtaining all of the reports we are owed.

Any decision regarding penalty assessment will be made by management after compliance analysis has been completed.

Charles:

According to our records, we have not received an annual report of SLAB exports for 2012, 2011 and 2010 although Bruce and Boys had consent to export them to Korea.
